: Seals for the office of the
Deputy Custodian of Evacuee
Property---

In the course of the routine work of this office, it is necessary to seal a large number of flats and business premises from time to time. For this, metalx seals are required. Up to this date, however, this office has not been supplied with these seals. The office has been carrying on with the seal of the Collector of Bombay who was also the Additional Custodian of Evacuee Property. But now that the collector is no more the Addl. Custodian of Evacuee Property, it is not possible to use ~~the~~ his seal. As such great necessity is felt for the same.

Hence t e following may be arranged to be supplied immediately:

Three mettallic seals (for sealing premises)

One rubber seal (for stamping documents, certified copies etc.)

Sanction is requested without delay as otherwise ffice work will be greatly handicapped.

R. V. Deshmukh

Deputy Custodian.

REHABILITATION DEPARTMENT.
File No. R141
B 15 MAY 1950
Serial No. 18989

The Secretary to Government,
Rehabilitation Department, Bombay.

Subject: Administration of Evacuee Property Ordinance.

Reference: Para 2 of the Government Circular Memorandum, Rehabilitation Department, No.141-B, dated 8-12-1949.

According to the instructions of Government contained in the Circular Memorandum under reference, all the Sub-Registrars in the District have been directed not to accept the documents for registration, from the Muslim sellers unless they produce a 'no objection certificate' from me. Some members of the Muslims community have, however, complained to me that the enforcement of the ~~aob~~ above condition causes hardship to bonafide Muslim sellers who seek to raise loans by mortgaging a part of their immovable property or to sell it in order to meet their immediate needs. Their complaint is that in some cases the Muslims having poor resources want money for their petty needs and they will have to wait unnecessarily for the certificate to dispose of a small portion of their properties. According to the present orders of Government every application for grant of a certificate has to be inquired into in order to see whether the applicant is an evacuee or an intending evacuee, and as this involves local enquiries, the disposal of the application necessarily requires not less than a fortnight. The applicants have, therefore, to wait for a fortnight or even more for getting the required certificate and such delay is likely to cause hardship in the case of the bonafide Muslim sellers of ppor means who are in need of money for their immediate needs. I am, therefore, of the opinion that the requirement of obtaining a certificate from the Dy.Custodians should be waived if the property to be disposed of is worth not more than Rs.100/- and that in such cases the Sub-Registrars should be authorised to register the documents without insisting on a certificate from the Dy. Custodian unless there is a bonafide suspicion that the

property involved is an evacuee property or that it belongs to an intending evacuee. I may kindly be informed whether there is any objection to doing so.

D.C. Signed by Collector ?
